Bolted Joint Reliability

Symposium 2024

Join us for the 2024 ASME Pressure Bolted Joint Reliability Symposium. The ASME PVP Bolted Joint Reliability Symposium (BJRS) promotes knowledge sharing, technological progress and international co-operation for advancing sealing technology for the oil and gas, aeronautical, automotive and nuclear industries. The presentations will disseminate the scientific and real-world knowledge in the area of sealing, including current and future design rules for bolted flange connections based on tightness (ASME SWG-BJ, EN1591), modern flange assembly guidelines and best practices (ASME PCC-1), gasket selection and assembly for obtaining desired performance/reliability (Example LDAR), and sharing of Lessons-Learned and Best Practices of critical applications including hydrogen technology.

General Topics

- Design Methods
- Assembly of BFJ
- Gaskets & Packings
- Leak Testing
- Critical applications
- Fastening and joining
- Valves and other leak tight equipment

Schedule

Abstracts of presentation are due by June 14, 2024. Authors will be notified of abstract acceptance by July 5 2024. Draft PowerPoint presentation submission by August 6, 2024.

ASME Course

Bolted Joints and Gasket Behavior — a two-day course scheduled on October 21 and 22 2024.

Information

The symposium website URL is: <https://event.asme.org/BJRS>. Technical presentation abstracts must be submitted electronically through the website. Please visit the website for additional information.

**Norris Conference Center –
Houston/City Centre
Houston, Texas**

**Conference: October 23–24
Exhibition: October 23–24
ASME Course: October 21–22**

Sponsorship Opportunities

- ◆ **Platinum Sponsor — \$10,000**
 - Company logo on a Lanyard with distributed to all attendees at registration
 - Company logo included on conference website and all conference literature
 - Complimentary 10x20 booth
 - Company logo included on banner that will be displayed at all general sessions
 - An announcement of sponsorship at each function
 - Two complimentary registrations
 - Inclusion of marketing literature in registration package
- ◆ **Gold Sponsor — \$5,000**
 - Company logo on a Notebook given to all attendees
 - Company logo included on conference website and all conference literature
 - Complimentary 10x10 booth
 - Company logo included on banner that will be displayed at all general sessions
 - An announcement of sponsorship at each function
 - One complimentary symposium registration
 - Inclusion of marketing literature in registration package
- ◆ **Silver Sponsor — \$2,500**
 - Company logo on a Bag given to all attendees at registration
 - Company logo included on conference website and all conference literature
 - Inclusion of marketing literature in registration package

Exhibit Opportunities

- ◆ **10 x 20 Booth — \$3,000**
 - Includes two 8' table, four chairs and a waste bin
 - AV equipment rental available upon request for a fee
 - Company logo included on conference website and all conference literature
 - Company logo included on banner that will be displayed at all general sessions
 - Exhibitor interaction at each group function
- ◆ **10 x 10 Booth — \$2,000**
 - Includes two 8' table, four chairs and a waste bin
 - AV equipment rental available upon request for a fee
 - Company logo included on conference website and all conference literature
 - Company logo included on banner that will be displayed at all general sessions
 - Exhibitor interaction at each group function
- ◆ **Table Top Exhibit — \$1,000**
 - Includes two 8' table, four chairs and a waste bin
 - AV equipment rental available upon request for a fee
 - Company logo included on conference website and all conference literature
 - Company logo included on banner that will be displayed at all general sessions
 - Exhibitor interaction at each group function

Symposium Chair

Hakim Bouzid,
ASME Fellow Ecole de Technologie Supérieure
