<u>Note:</u> If you are not automatically diverted to this window, you may need to install and run Zoom on your system. This will only take 2-3 minutes.

**<u>Step #4:</u>** Now you are successfully added to the webinar as a panelist. You will have time to chat and speak with the webinar host and other panelists before you begin your live broadcast.

## **Moderation Options:**

Once logged in, you will see moderation options on the bottom your screen. Here is quick explanation of each moderation option you will need for your session:

**Enable/Disable Video:** Click on the video icon to enable or disable your video for your session.

**Screen share:** Select this option and **broadcast your desktop** to display any content on your screen including your PowerPoint presentation. Flick through your slides at your own pace once you are sharing your screen.

If you are planning to broadcast a recorded file/video, then make sure to check the 'share computer sound' checkbox before sharing your desktop. This will broadcast sound for the video/file.
