

CALL FOR PAPERS

2021 ASME Onshore Petroleum Technology Conference
Abstracts Due - February 8, 2021

A MODEL OF COLLABORATION: INDUSTRY, ACADEMIA & GOVERNMENT/REGULATORY

Join us virtually for the inaugural 2021 ASME Onshore Petroleum Technology Conference (Presented by the ASME Petroleum Division). This event will demonstrate the technical collaboration between industry, academia, governmental and regulatory authorities in the global onshore petroleum technology community. OPTC was created to fill a need in the O&G technical conference arena by addressing onshore topics focused on Upstream, Midstream, and Downstream. The OPTC is the ideal platform for learning about new technologies, networking and interacting with experts, and keeping up with practitioners and peers. The OPTC is an international forum that will draw participants from all over the world.

PAPER & PANEL SESSIONS

More than 45 paper and panel sessions are planned. General topics will include:

- Facilities, Automation, Modularization
- Emissions, Flaring, Carbon Technologies
- Frac Logistic and Flowback
- Completions and Water Logistics
- Refining, Fractionation
- CNG, LPG
- LNG, Facilities and Transportation
- Digitization of the Oilfield
- Drones, Robotics, Detection
- Safety, Regulatory, Community, Environmental
- Business, Projects, Economics
- Innovation, Working Remotely, Diversity & Inclusion

SCHEDULE FOR SUBMISSION

- February 8, 2021: Abstract Submission Deadline
- February 15, 2021: Abstract Decision Notification
- March 29, 2021: Draft Paper Submission
- May 3, 2021: Paper Reviews Completed
- May 10, 2021: Draft Paper Decision Notification
- May 10, 2021: Copyright Process Opens
- May 24, 2021: Revised Draft Paper Submission (if required)
- June 7, 2021: Revised Draft Paper Decision Notification
- June 25, 2021: Copyright Agreements Completed
- June 28, 2021: Final Paper Submission

***All final manuscripts must be submitted in the standard ASME format for publication. All presented technical papers will be published as citable documents available post-conference. The selected conference papers will be recommended for publishing in the OPTC special issue of the "Journal of the Energy Resource Technology Journal" at the end of the conference.*
