

Abhinav Krishna

Executive Director, Partnership Development & Commercialization

Profile

An 18-year veteran of the energy utility industry, Krishna oversees the development of Constellation's strategic partnership and commercialization efforts to deliver unique and competitive solutions to meet commercial and industrial customers strategic and comprehensive energy management objectives.

Professional History

Krishna has extensive experience in the power, natural gas, and renewables segments of the retail and wholesale platforms, effectively developing products and solutions to serve Constellation's largest and most sophisticated commercial customers. He joined Constellation in 2001 as a pricing and product analyst and held diverse roles of increasing responsibility in Product Development, Structuring, Risk, Marketing, Retail Strategy, Analytics and Portfolio Management.

Civic Involvement

Krishna is on the board of Court Appointment Special Advocates (CASA), Baltimore City, a non-profit organization that recruits, trains, and supervises volunteers appointed to individual foster children by the Baltimore City Juvenile Court.

Education

Krishna received a bachelor's degree in International Business from the University of Northumbria, Newcastle in England and a master's in Business Administration (M.B.A) from University of Illinois, Chicago.
