

Communications Statement

By entering my personal information into this registration site, I hereby give consent to ASME collecting, processing, reviewing, and transferring personal data (including to the extent described above, sensitive personal data) relating to me in relation to the conference registration and event management, and to share my data (name, title, and company name) with third parties, and those that ASME works with for the purposes of facilitating the management of the conference, including vendors who manage the event registration and event itinerary via the provision of mobile app services. I also consent to the transfer of any such data outside of the country in which I live or where the personal data has been collected or processed, including specifically to the United States, for the purposes described above, even where the country or territory in question does not maintain data protection standards which are equivalent to those which apply in my home country.

Registration will enable you to receive regular email updates from ASME. Communication may include e-newsletters, important conference information, and information about ASME's work and related products and services. Please indicate below if you give permission for to continue receiving communication from ASME. If you select "opt-in" you can stop receiving communications at any time by clicking "unsubscribe" in any email, or you can access the ASME Preference Center to manage your communication preferences at <https://preferences.asme.org/>.
