

The background of the entire page is a dark blue grid. Overlaid on this grid are various white line drawings of mechanical components. In the top right corner, there is a drawing of a mechanical bracket or housing with a coiled spring. In the middle left, there are two hexagonal flange-like components connected by a horizontal line. The bottom right features a large, complex drawing of a circular mechanical part, possibly a valve or a flange, with many internal lines and a circular pattern of holes. The title 'CARD Prospectus' is centered in a white rectangular box.

CARD 2025

Conference for Advanced Reactor Deployment (CARD)

September 29 – October 1, 2025

EPRI-Charlotte, NC

<https://event.asme.org/CARD>

ASME's Conference for Advanced Reactor Deployment connects executive leaders and engineers in the small modular reactor (SMR) and micro reactor nuclear technology industries with utility, regulatory, and financial leaders to discover opportunities in the nuclear supply chain and advance clean energy solutions. The conference is designed to not only showcase the latest reactor technology but also encourage meaningful dialogue in a comfortable setting.
