With respect to the conflict in Ukraine, we are unable to accept delegates from Russia or Belarus. Neither are we able to accept papers with authors or co-authors from institutions based in these countries. We will continue to monitor the situation with respect to official U.S. government sanctions and restrictions, as well as endeavoring to remain consistent with the global scientific and cultural communities' response to the ongoing conflict.

The ASME Energy Sustainability Conference is focused on identifying innovative technologies, research and design advances, and solutions toward a path of renewable and sustainable energy, including utility-level systems integration.

High-quality conference papers will be selected in a special issue dedicated to Energy Sustainability by the ASME Journal of Energy Resources Technology (JERT) and ASME Journal of Engineering for Sustainable Buildings and Cities.

ES2023 will also host keynote/plenary speakers and panelists from national labs, Department of Energy, and world-known researchers from universities. Sponsored by ASME's Advanced Energy Systems and Solar Energy Divisions.

This year's tracks include:

Track 1: A Just Transition to a Sustainable Future (Conference Theme)

Track 2: Sustainable Buildings and Communities

Track 3: Energy Storage

Track 4: Research for Clean Energy Transition (Socio-Technical, Education and Policy)

Track 5: Concentrating Solar Power

Track 6: Solar Chemistry

Track 7: Photovoltaic & Electrochemical Technologies

Important Updates

- Confirm Co-Authorship
- Presentation Requirements

Any issues logging in
please email:
toolboxhelp@asme.org

Access the Session Creation Page

- » Start building your sessions by clicking on the link:
- » <https://es.secure-platform.com/a/organizations/main/solicitations/197/sessions/create>
- » This link is unique to the ES 2023 Conference.

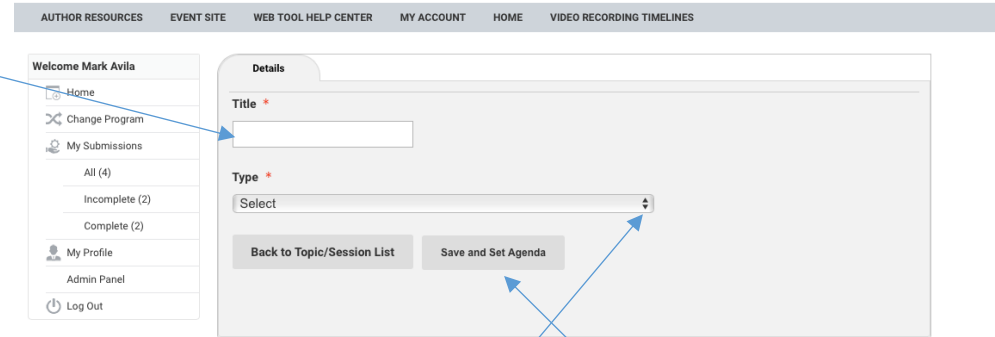

Enter the session number and session title.

Please use the correct session numbering format,
i.e. **01-01: Advanced Modelling for NDE**
01 = Track Name
01-01 = Session Number

Remember, you need to add a session title after the number.

You may change the title but please keep the numbering format the same.

Create your first session.

The screenshot shows the 'Details' form for creating a session. A sidebar on the left contains a 'Welcome Mark Avila' message and a list of navigation links: Home, Change Program, My Submissions, All (4), Incomplete (2), Complete (2), My Profile, Admin Panel, and Log Out. The main form has a 'Title' field with a red asterisk, a 'Type' dropdown menu with a red asterisk and the word 'Select' inside, and two buttons at the bottom: 'Back to Topic/Session List' and 'Save and Set Agenda'. Blue arrows point from the text instructions to the 'Title' field, the 'Type' dropdown, and the 'Save and Set Agenda' button.

Select the session type:
Technical Session

Click Save and Set Agenda

Assign submissions to your session

Select the paper from the list.

This list will display **ALL** submissions for the conference.

Please wait for list to load to see the track name.

You can also reference the attached spreadsheet for your paper numbers.

Enter the submission number from your spreadsheet

Select Edit Details

(Only the Primary Track Organizer will have this link!)

Select the Organizer Tab

01-01-01 Test Session

Type: Technical Session

The screenshot shows a web interface for managing a session. At the top, there are three tabs: 'Details', 'Agenda', and 'Organizers'. The 'Organizers' tab is currently selected and highlighted. Below the tabs, there is a form with a 'Title' field containing '01-01-01 Test Session' and a large 'Description' text area. At the bottom of the form, there are two buttons: 'Save' and 'Save and Back'. A red arrow points from the 'Organizers' tab to the text on the right.

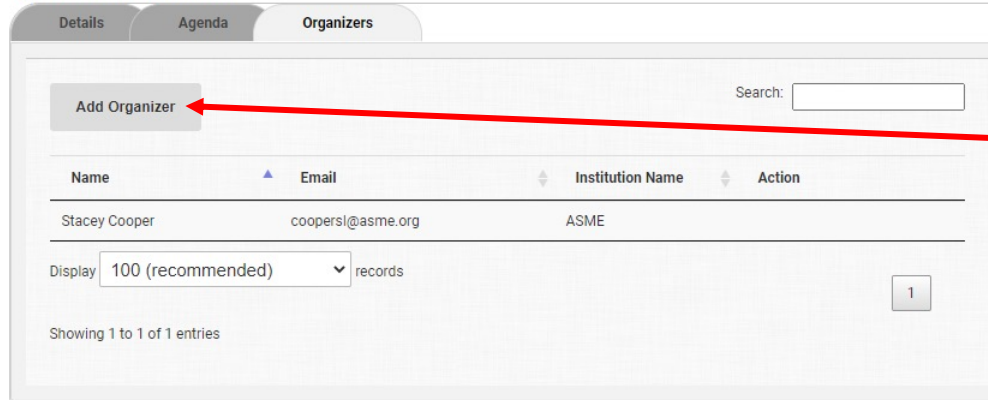

Select the Organizers tab

(Only the Primary Track Organizer will have this link!)

Adding Organizer

01-01-01 Test Session

Type: Technical Session

The screenshot shows the 'Organizers' tab for a session titled '01-01-01 Test Session' (Type: Technical Session). The interface includes a search bar, an 'Add Organizer' button (highlighted with a red arrow), and a table of organizers. The table has columns for Name, Email, Institution Name, and Action. One organizer is listed: Stacey Cooper, cooperst@asme.org, ASME. Below the table is a 'Display' dropdown set to '100 (recommended)' records and a pagination button '1'. The footer of the table area says 'Showing 1 to 1 of 1 entries'.

Name	Email	Institution Name	Action
Stacey Cooper	cooperst@asme.org	ASME	

Display: 100 (recommended) records

Showing 1 to 1 of 1 entries

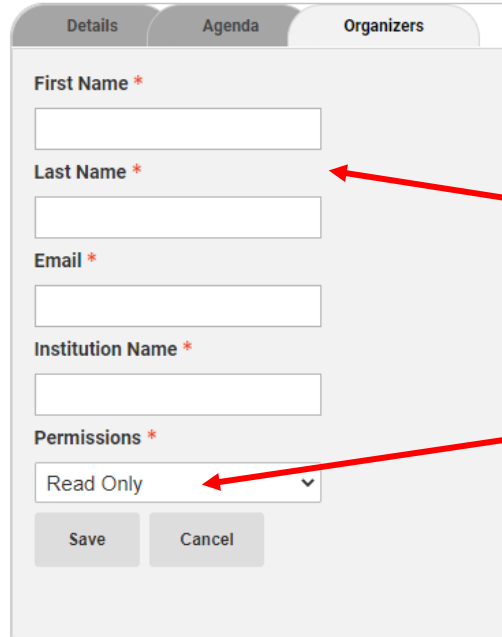

Click on the Add Organizer button

(Only the Primary Track Organizer will have this link!)

Complete Organizer Details

01-01-01 Test Session

Type: Technical Session

The screenshot shows a web form titled 'Complete Organizer Details' with three tabs: 'Details', 'Agenda', and 'Organizers'. The 'Organizers' tab is selected. The form contains the following fields:

- First Name ***: A text input field.
- Last Name ***: A text input field. A red arrow points to this field from the text 'Make sure you have the email the co-organizers uses to login to ASME!'.
- Email ***: A text input field.
- Institution Name ***: A text input field.
- Permissions ***: A dropdown menu with 'Read Only' selected. A red arrow points to this dropdown from the text 'Set the permissions to Collaborator'.

At the bottom of the form are two buttons: 'Save' and 'Cancel'.

Type in required fields.

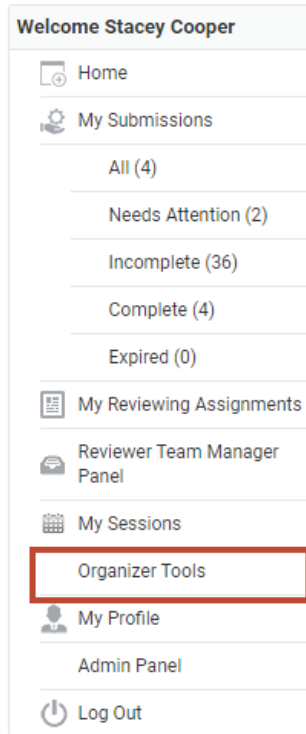

(Make sure you have the email the co-organizers uses to login to ASME!)

Set the permissions to Collaborator

Co-Organizer will receive an email about the topic assignment.

Viewing the Submission

» View

The screenshot shows a submission review page. At the top, a breadcrumb navigation bar contains the links: 'Abstract Submission', 'Authors', 'Draft Paper Submission' (highlighted with a red box), and 'Revised Draft Paper Submission'. A red arrow points from this breadcrumb to the first bullet point. Below the breadcrumbs, the 'iThenticate Score' is displayed as '86'. A red arrow points from this score to the second bullet point. Underneath, the 'iThenticate Url' is shown as 'https://asmeextensionsandbox.azurewebsites.net/ithenticate/view/52869202', with a red arrow pointing to the third bullet point. A link 'Open Link in New Window' is provided below the URL. The 'Upload Draft Paper' section indicates 'PDF format required' and shows a file named 'paperscs.pdf' with a red arrow pointing to the fourth bullet point. A 'View in Fullscreen' button is located at the bottom of this section. On the right side of the page, the '29-09 Abstract' section is visible, with 'Paper Type' set to 'Technical Paper Publication'.

0		Track 1 Aircraft Engine	Technical Paper Publication - Turbo	Actions
0		Track 1 Aircraft Engine	Technical Paper Publication - Turbo	Actions

- Go back to the main paper list screen and click on the “Invite Reviewers” button.
- This will copy the URL below to your computer. Paste this into an email message to your new reviewer.
- <https://es.secure-platform.com:443/a/judgeSolicitationProfiles/create?solicitationId=197>

Reviewer Opt-In Guidance

- » **Make sure your reviewer completes the opt-in process.**
 - Some new users to ASME stop the process after creating their ASME account.
 - **THEY HAVE NOT COMPLETED THE PROCESS!!**
- » **Reviewers will see the text below when they have successfully opted-in.**

Thank you for signing up for the OMAE reviewer database.

The Review Process

The purpose of review is to determine whether a paper is acceptable for publication, needs revision, or should be rejected. Recommendations must be supported by specific and critical comments. **Reviewing is a confidential process involving only the reviewer, program-making agency, and the editorial department.** Papers recommended for publication should be of high quality and of current technical interest. If rejection is recommended, keep in mind that you should state reasons in a professionally appropriate manner.

Please review the [ethical obligations of reviewers](#) before you begin reviewing papers.

- » **Reviewers will become available for assignment approximately 30 minutes after seeing the above text.**

Reviewer Opt-in Step-by-Step Process: <http://asmetraining.wpengine.com/reviewer-database-opt-in/>

View Reviewer Comments

- Go to Actions > View Comments
- A new window will open displaying all reviewer inputs
- Go to Reviewer Reports > Reviewer Comments
- This will download a comma separated file (csv) with all reviewer inputs that can be imported into Excel.

Make a Decision on the Paper

- Go to Actions > Manage
- This will take you to the [paper management screen](#).
- Click on the “Decision” tab.

Email Reminder List

Name	Description	Last sent	Action
Incomplete Reviews	Manually sent to all Reviewers with list of incomplete reviews in Draft Papers	2/18/2021 11:22:45 AM	Send Reminder
Draft Papers Awaiting Review	Manually sent with list of incomplete reviews assigned to their session/track	3/1/2021 9:51:51 AM	Send Reminder
Draft Papers Awaiting Decision	Manually sent with list of Papers that have been reviewed 4 times, yet missing Decision assigned to their session/track	10/13/2021 6:53:56 AM	Send Reminder
Revised Draft Papers Awaiting Review	Manually sent with list of incomplete reviews assigned to their session/track		Send Reminder
Revised Draft Papers Awaiting Decision	Manually sent with list of Papers that have been reviewed 4 times, yet missing Decisions assigned to their session/track	10/13/2021 6:53:52 AM	Send Reminder
Abstracts Awaiting Review	Manually sent to all Reviewers with list of incomplete in Short Abstracts		Send Reminder

These are templated emails that cannot be customized. All have the deadlines posted in the Publication Schedule.

Clicking on Send Reminder will send out the email to the group of reviewers/organizers with incomplete actions and include a report for the user to download.

Resource Materials

iThenticate Guidelines

- » Prior to assigning reviewers, organizers will need to analyze any matching results over **15%**
- » Two areas of concern: plagiarism (copying someone else's work), and lack of originality (copying your own previous published work)
- » When assessing a paper, consider:
 - Is there any source with high degrees of match (>15%), or are there just lots of <1% matches of phrases?
 - 50x <1% = no problem
 - 1x 50% = problem
 - If there is a source with a high match, has that source been properly referenced in the paper?
 - Are the matches limited to the introduction, description of the analysis, experimental setup, etc., or are there high matches in the results and conclusions portions of the paper?

iThenticate Guidelines

If you have concerns, discuss it with TPC. For feedback from ASME, email toolboxhelp@asme.org

Outcomes can be:

- » Reject the paper outright.
- » Caution the author about the concerns and request changes. These changes can include properly referencing papers with matches, and/or to reword sections to reduce the degree of outright copying. Organizer should check the final paper to make sure these directions have been followed. Proceed with reviews; reviewers should also comment on matches.
- » Let the paper go through with reviews with no special action.
