

Yathiraj Kasal

APAC Leader - GE Additive's AddWorks

Phone: +91 9845939029

Email: Yathiraj.Kasal@ge.com

Yathiraj Kasal leads GE Additive's AddWorks for Asia-Pacific region. He is responsible to accelerate additive adoption for GE Additive's customers in APAC region, by providing additive trainings, consultation, engineering services aligned to design, materials, prototyping, part qualification, industrialization, production qualification and low rate production.

Yathiraj has more than 7 years of Metal Additive Manufacturing experience. He has led several projects on additive parts industrialization, new material development, parameter optimization, prototyping and tooling.

Yathiraj has 23 years of industry experience in Aerospace & Automotive businesses in the areas of design, simulation, testing, material characterization, methods development and lean deployment.

Prior to joining GE, Yathiraj worked for Honeywell Aerospace as Senior Technology Specialist.

Yathiraj holds a Bachelor of Engineering in Mechanical from Kuvempu University.
