

## **Call for Workshop and Tutorial Proposals**

The 2021 ASME International Design Engineering Technical Conferences and Computers in Engineering Conference (IDETC/CIE 2021) will be held virtually from August 17-20, 2021. With this call, we invite proposals to organize workshops and tutorials that provide a unique forum for the sharing of recent research results, professional development, skill refreshment, as well as networking with friends and colleagues. Industry participation is particularly encouraged so that the workshops may provide opportunities for fruitful exchanges between the academic, government, and industrial communities.

Please note that we are specifically interested in workshops and tutorials with technical and professional goals aligned with the 11 IDETC/CIE 2021 subconferences:

- 23rd International Conference on Advanced Vehicle Technologies (AVT)
- 41st Computers and Information in Engineering Conference (CIE)
- 47th Design Automation Conference (DAC)
- 18th International Conference on Design Education (DEC)
- 26th Design for Manufacturing and the Life Cycle Conference (DFMLC)
- 33rd International Conference on Design Theory and Methodology (DTM)
- 45th Mechanisms and Robotics Conference (MR)
- 15th International Conference on Micro- and Nanosystems (MNS)
- 17th International Conference on Multibody Systems, Nonlinear Dynamics, and Control (MSNDC)
- 33rd Conference on Mechanical Vibration and Noise (VIB)
- 17th IEEE/ASME International Conference on Mechatronic and Embedded Systems and Applications (MESA)

## **Proposal Submission**

If you are interested in presenting a workshop/tutorial, please compile a document inclusive of:

- The workshop/tutorial title;
- A workshop/tutorial abstract (250 words or less);
- A list of workshop/tutorial presenters with professional affiliation;
- A brief description of the intended audience for the workshop/tutorial;
- A list of affiliated sub-conferences (from the list above); and
- An estimate of anticipated attendance.

This document should be submitted via email in .doc, .docx, or .pdf format to **Professor Jeff Rhoads** (jfrhoads@purdue.edu).

Please note that this year, due to temporal constraints, workshops and tutorials should be planned for a **3-to 4-hour block**.

Please submit your proposal by March 1, 2021.

Notification of acceptance of proposals will be made via e-mail by March 29, 2021.
