

IMECE2023 Schedule at a Glance

Monday	Tuesday	Wednesday	Thursday
Advanced Manufacturing	Advanced Manufacturing	Acoustics, Vibration, and Phononics	Acoustics, Vibration, and Phononics
Advances in Aerospace Technology	Advanced Materials: Design, Processing, Characterization and Applications	Advanced Design and Information Technologies	Advanced Design and Information Technologies
Dynamics, Vibration, and Control	Advances in Aerospace Technology	Advanced Manufacturing	Advanced Manufacturing
Engineering Education	Biomedical & Biotechnology Engineering	Advanced Materials: Design, Processing, Characterization and Applications	Advanced Materials: Design, Processing, Characterization and Applications
Fluids Engineering	Dynamics, Vibration, and Control	Biomedical & Biotechnology Engineering	Biomedical & Biotechnology Engineering
Heat Transfer and Thermal Engineering	Energy	Dynamics, Vibration, and Control	Energy
Mechanics of Solids, Structures and Fluids	Engineering Education	Energy	Heat Transfer and Thermal Engineering
Micro- and Nano-Systems Engineering and Packaging	Fluids Engineering	Fluids Engineering	Mechanics of Solids, Structures and Fluids
Safety Engineering, Risk and Reliability Analysis	Heat Transfer and Thermal Engineering	Heat Transfer and Thermal Engineering	
	Mechanics of Solids, Structures and Fluids	Mechanics of Solids, Structures and Fluids	
	Micro- and Nano-Systems Engineering and Packaging		
	Safety Engineering, Risk and Reliability Analysis
