

ASME Rising Stars of Mechanical Engineering

Celebration and Showcase at IMECE

Honoring Exceptional Early-Career Researchers

Tuesday, November 19, 2024, 1:30-3:00pm, Oregon Convention Center, Portland, OR

About the Event:

The ASME Rising Stars of Mechanical Engineering Celebration and Showcase is a prestigious reception-style event designed to honor early-career researchers recognized through prestigious awards such as NSF CAREER, ONR YIP, AFOSR YIP, DARPA YFA, and NIH New Innovator Awards.

Highlights:

- Cutting Edge Research:** This event brings together the brightest minds and best ideas in mechanical engineering.
- Networking Opportunity:** Connect with peers, program managers from funding agencies, and professional leaders in the field.
- Poster Session:** Present your innovative work and engage in meaningful discussions.
- Special Recognition:** Receive the “ASME Rising Star of Mechanical Engineering” certificate, highlighting your contributions and achievements.

Before the Conference:

- Registration Required:** Honorees are by invitation only. Contact IMECE Technical Chair Reuben Kraft at reuben.kraft@psu.edu for more details.

What to Expect:

- Welcome Introduction:** Short opening remarks by the conference chair or coordinator.
- Interactive Poster Session:** For a short time, stand by your poster for discussions with attendees.
- Open Networking:** Mingle, make connections, and enjoy refreshments and hors d'oeuvres. The event will be open to all at IMECE attendees. Special invitations will also be extended to agency program managers.
