### Draft Paper Submission

#### Upload Draft Paper \*

PDF format required

No file chosen

#### Technical keywords

#### Are you interested in being a reviewer? \*

- Yes  
 No

#### Statement for Abstract and Draft Paper Submission \*

I understand that, pursuant to ASME Policy 12.1, in order for this paper to be published in the official ASME archival Proceedings, which are registered with the Library of Congress and are also published in the ASME Digital Collection, this paper must be presented at the Conference by an author/co-author of the paper. If this criteria is not met, I cannot cite this paper as a published paper, and if deemed by reviewers to be of journal quality, it cannot be submitted to or considered by any journal as an ASME Conference paper.

With the exceptions of Turbo Expo, OMAE, and PVP, I further understand that all presenters (papers, presentation only, panels, and posters) must register for the conference by August 5, 2019. If the presenter does not register the submission will be removed from the conference.

I agree

#### Additional Statement for Draft Paper Submission \*

ASME conferences requires right of first publication. Therefore, a paper submitted for consideration must not have been published previously or submitted simultaneously to any other conference or publication. By submitting a paper for consideration, the author also represents that the content is original and any previously published material used is appropriately referenced.

I agree
