## Outreach for Engineers Sponsorship

**T**he Outreach Program is designed to appeal to students studying in the fields of ocean, offshore and arctic engineering and to familiarize those who aren't as yet involved in the industry. The majority are graduate students who have worked on a paper being presented. The program's primary goal is to encourage all to choose a career path in the industry.

The Outreach activities usually include a team-building activity, welcome reception, speaker program and a wrap-up breakfast. Students are encouraged to attend the entire conference in addition to the special Outreach Programs. Students must apply to be accepted into the Outreach Program with the organizing committee reviewing their applications. There are grants offered

for some students to attend the Outreach Program as well as the conference. Sponsorship allows for more students to attend the conference and to improve the Outreach Program.

**Cost: \$6,000**

Sponsor Benefits Include:

- Organization logo on Outreach Program website
- Company logo and link on the official OMAE 2025 Conference website
- Access to student resumes
- Opportunities to meet with student attendees
- Opportunities to engage students and be recognized at Outreach Program activities
