45th International Ocean Offshore and Arctic Engineering Conference®

June 7 – 12, 2026 | Tokyo, Japan

THE CONFERENCE: OMAE is the premier annual conference hosted by the Ocean, Offshore, and Arctic Engineering Division of ASME. It attracts professionals from over 40 countries, including engineers, researchers, technical specialists, and students. This international event is a key platform for discussing technological advancements and scientific support in ocean, offshore, and arctic engineering.

VENUE: Grand Nikko Tokyo Daiba

AUDIENCE: The annual OMAE conference is an international assembly of engineers, researchers, technical specialists and students in the fields of ocean, offshore and arctic engineering. It is an opportunity to exchange ideas on the advances in technology and its scientific support. The OMAE 2026 Conference Organizing Committee expects leaders from major companies, academics from the world's premier institutions and government representatives. They are involved in all aspects of ocean, offshore and arctic engineering from the development of new technologies to deepening existing know-how and reducing environmental impact.

45th International Ocean Offshore and Arctic Engineering Conference®

June 7 – 12, 2026 | Tokyo, Japan

OUTREACH FOR ENGINEERS SPONSORSHIP

Cost: \$6,000 USD

The Outreach Program is designed to appeal to students studying in the fields of ocean, offshore and arctic engineering and to familiarize those who aren't as yet involved in the industry. The majority are graduate students who have worked on a paper being presented. The program's primary goal is to encourage all to choose a career path in the industry.

The Outreach activities usually include a team-building activity, welcome reception, speaker program and a wrap-up breakfast. Students are encouraged to attend the entire conference in addition to the special Outreach Programs. Students must apply to be accepted into the Outreach Program with the organizing committee reviewing their applications. There are grants offered for some students to attend the Outreach Program as well as the conference. Sponsorship allows for more students to attend the conference and to improve the Outreach Program.

Benefits include:

- Sponsor Benefits include:
- Organization logo on Outreach Program website
- Organization logo and link on the official OMAE 2026 Conference website
- Access to student resumes
- Opportunities to meet with student attendees
- Opportunities to engage students and be recognized at Outreach Program activities
