ICONE

Take a moment to visit our exhibitors!
1 day, 11 hours ago

Meet with our exhibitors in the exhibit hall and see what new products and services they have to offer.

Have a question for an author?
1 day, 11 hours ago

Have a question about a technical presentation? Use the Public Session Chat on the right side in the Technical Session or find the author in the Networking tab on the left hand side of your screen and chat them your question.

Remember you need to click on their paper title to view the presentation.

Pick the “booth”

- Select what exhibitor booth you would like to visit
- You can navigate the content on the page by scrolling down
 - Watch the videos
 - Chat with the representatives by clicking **Start Chat**
 - This sends a private message
 - Join the Live group chat
 - Send your information by clicking **Request Information**
 - Make sure you attach your resume, CV, and downloadable information to share

The screenshot shows a virtual conference interface. On the left is a navigation menu with options: Camillo Cruz, Lobby, Sessions, Exhibit Hall (selected), Networking, Account, Help, and Logout. The main content area has a search bar and a list of exhibitors: Idaho National Lab (Changing the World), Lectrodyer (AUTOMATIC MONITORING, HANDLING OF GASES IN HYDROGEN COOLED GENERATORS, Richmond, KY), Versatile Test Reactor (Advanced Fusion: America's Nuclear Energy Future, Idaho Falls, Idaho), and Westinghouse (highlighted with a red circle). On the right, the Westinghouse booth is displayed, featuring the company logo, name, and contact information for Melanie Joseph (Market Development Manager) and Erica Johnson. Social media links for Email, Website, Twitter, LinkedIn, and Facebook are also visible.
