EXPLORE FUTURE TECHNOLOGY TRENDS OF THE WORLDWIDE PVP INDUSTRY AT THE ASME PVP 2019 CONFERENCE

When you become a sponsor of the 2019 PVP Conference, you'll be participating in our exploration of what the future holds for pressure vessel and piping technology. Meet and discuss future trends with colleagues representing dozens of international industries. Imagine what you'll learn from the 180+ paper and panel sessions, tutorials, the Technology Demonstration Forum and the 27th Rudy Scavuzzo Student Paper Symposium and Competition.

You'll be sharing your ideas and networking with your colleagues in ASME's global community. There is no better event in our industry for the development of PVP opportunities and the fruitful exchanges of ideas and innovation with fellow participants from 40+ countries around the world. Come celebrate with us and luxuriate in the rich, 18th-century colonial heritage of San Antonio!

Technical areas will include developments in Codes & Standards; design methodologies including:

- Elastic-Plastic Analysis
- Non-Destructive Examination
- Fitness-for-Service
- Operation & Maintenance
- Fatigue, including environmental, stress corrosion, cracking, residual stresses, fracture toughness, elevated temperature components, dynamically loaded structures, flow-induced vibration
- Risk-Based Assessment

Conference features will include:

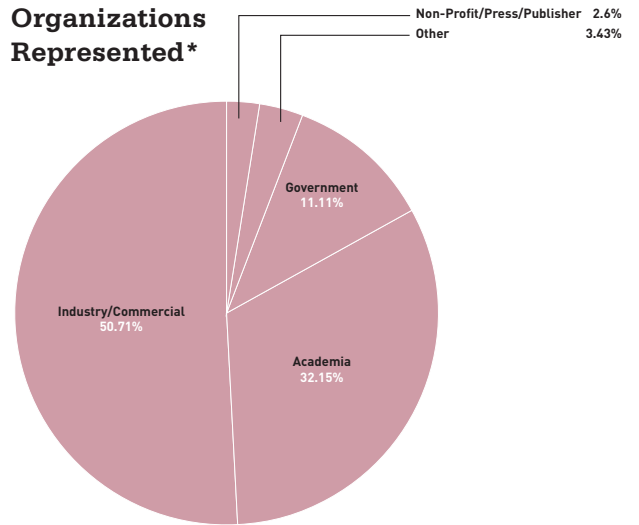

- 180+ Paper & Panel Sessions
- Technology Demonstration Forum
- Tutorials
- 27th Rudy Scavuzzo Student Paper Symposium & Competition

General Topics will include:

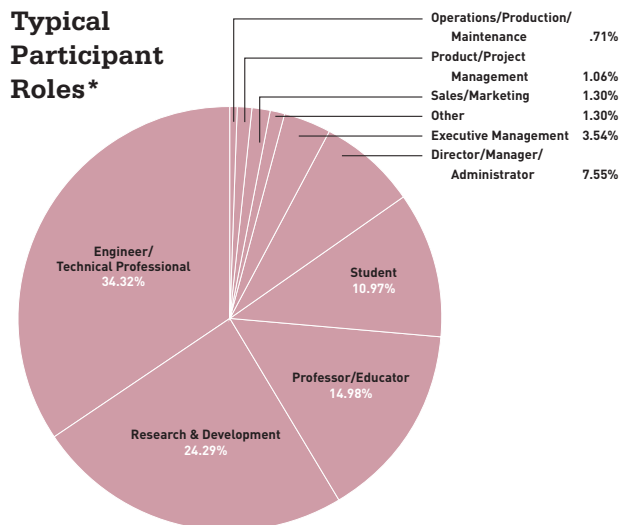

- Codes & Standards
- Design & Analysis
- High Pressure Technology
- Operations, Applications & Components
- Non-Destructive Examination
- Computer Technology & Bolted Joints
- Fluid Structure Interaction
- Materials & Fabrication
- Seismic Engineering
