What sets this conference apart

- High-Quality Papers and Presentations
- Multidisciplinary Focus
- Exceptional Networking Opportunities
- Author Development
- Conference Proceedings
- International Participation

Who should attend?

Consider attending if you have a professional interest in Nondestructive Evaluation Science and wish to:

- Present results and insights from your own work.
- Interact with colleagues who present papers in your field.
- Engage with people and ideas across a broad spectrum of NDE technologies.
- Understand how your organization might benefit by participating in QNDE Conference each year.

Exhibit Table?

The QNDE conference provides businesses and organizations involved in NDE the opportunity to highlight their organization to participants from around the world with an exhibit table.

The QNDE community uses a wide range of equipment and software. This provides an excellent marketing venue to discuss new projects, showcase the latest products your organization has to offer and exchange experiences. Exhibitors will have ample time to interact with over 250 attendees during the conference.
