🚙 Turbo Expo Parking Options

- **Loading and Unloading:** For Halls A and B, including the ASME Turbo Expo exhibit, use **Lot 1** to reach the BMO Centre's main loading gates and drive-in doors.
- **On-Site Parking:** Parking is available at Stampede Park and in nearby auxiliary lots managed by Calgary Parking.
    - **Closest Parking:** For Halls A and B, park across from Hall A near Rotary House or in the surface lots on the west side of Stampede Park.
    - **Rates:** Event parking typically costs **$15–$18 per day**.
    - **Payment:** Use the MyParking app, ParkPlus virtual pay machines, or designated on-site terminals.
- **Multi-Day Alternative:** If you will drive each day, reserve a downtown space through SpotHero or consider an off-site lot such as the **11th Avenue Parking Lot** at 520 11th Ave SE, where rates are about **$12 per day**.

🚆 Recommended Alternative: Take the C-Train

To avoid parking and morning traffic, stay near a Calgary transit line and take the C-Train. The **Victoria Park/Stampede Station** is less than 100 feet from the BMO Centre entrance. Over the five-day event, transit could save up to $90 in parking costs while providing direct access to the venue.
