

# IMECE<sup>®</sup> 2023

International Mechanical Engineering  
Congress & Exposition<sup>®</sup>

CONFERENCE  
Oct. 29 - Nov. 2, 2023

New Orleans, LA

# CALL FOR ABSTRACTS

**SUBMIT ABSTRACT**

**ABSTRACT DEADLINE: March 6, 2023**

## Share Your Research. Advance Your Career.

ASME's International Mechanical Engineering Congress & Exposition (IMECE) is the only event where R&D leaders from academia, industry, and government converge to make connections and share insights for innovation across engineering disciplines. Take this opportunity to engage with your research community at ASME's largest R&D conference. Abstract topics include:

- Acoustics, Vibration, and Phononics
- Advanced Design and Information Technologies
- Advanced Manufacturing
- Advanced Materials: Design, Processing, Characterization, and Applications
- Advances in Aerospace Technology
- Biomedical & Biotechnology Engineering
- Dynamics, Vibration, and Control
- Energy
- Engineering Education
- Fluids Engineering
- Heat Transfer and Thermal Engineering
- Mechanics of Solids, Structures, and Fluids
- Micro- and Nano-Systems Engineering and Packaging
- Safety Engineering, Risk and Reliability Analysis
- ASME International Undergraduate Research and Design Expo (Posters Only)
- National Science Foundation
- Research Posters

If you have any questions on the IMECE abstract process, please email:

[congresshelp@asme.org](mailto:congresshelp@asme.org)

For technical publication submissions, authors should submit a 400-650 word text-only abstract by March 6, 2023. For presentation only submissions, authors should submit their abstract by June 23, 2023.
