

IOGPC 2023
India Oil & Gas Pipeline Conference
“Emerging Climatic & Energy Challenges
& Role of Pipelines”

CONFERENCE

Bangalore, India
October 13–14, 2023

CALL FOR ABSTRACTS

Abstract Submission Deadline:

Monday, May 8, 2023

The 9th biennial ASME India Oil & Gas Pipeline Conference (**IOGPC**) will be held in **October 13 – 14, 2023** in Bangalore, India. Conference program will consist of 4 technical tracks plus 2 topical panels.

IOGPC is designed to share knowledge and inspire new technologies in the Oil and Gas transmission industry in India and worldwide. Papers will be peer reviewed and published by ASME.

The Technical Committee of IOGPC 2023 invites authors to submit technical papers per specific topics to be published by ASME and presented during the conference.

Submit your abstract:

<https://iogpc.secure-platform.com/a>

View the conference Tracks:

<https://event.asme.org/IOGPC/Program/Tracks>

Interested authors are invited to send abstracts for the following topics by the abstract submission deadline. Late submissions may not be accepted.

TRACK-1: Material, Design & Construction of Onshore & Offshore Pipelines

TRACK-3: Operation & Maintenance and Health Safety & Environment

TRACK-2: Pipeline Integrity Management and Emerging Technology Trends

TRACK-4: Storage & Transportation of New fuels & Challenges in Pipeline Industry

Thank you from IOGPC leadership.
